Grammar-Homophones; Preposition- in ,on ,under, between, behind ,front, above and below.
FEBRUARY MARCH (20+11)	Block 21- Guess who? Solving a riddle; Block 22- Only workbook- pages 32 and 33; Block 24- Vinu runs away from home- Reading a play; Block 25- If I were- Composing poems.

SUBJECT: MATHEMATICS

TERM I		
MONTH & WORKING DAYS	UNIT/ CHAPTER/ SUB TOPICS	ACTIVITIES
APRIL & MAY (20+11)	<p>Chapter 1- Numbers up to 200</p> <ul style="list-style-type: none"> • Count, recognise, read and write numbers up to 200 in figures and words. • Identify place and face value of four-digit numbers. • Demonstrate strategies of comparing two numbers, arrange numbers in order from big to small and small to big. • Expand a number according to its place value. • Understand ordinals as location or position. <p>Chapter 2- Addition</p> <ul style="list-style-type: none"> • Count the number forward in an order. • Adding two and three digit numbers with and without regrouping. • Learning facts and patterns in addition. • Finding missing numbers. 	<p>Worksheet: Fill the missing numbers. (Page-26)</p> <p>Maths Lab Activity: Match the picture using the correct ordinal numbers (Page 27)</p>
JULY (21)	<p>Chapter 2- Addition(contd.)</p> <ul style="list-style-type: none"> • Solving word problems on addition. <p>Chapter 3- Subtraction</p> <ul style="list-style-type: none"> • Understand subtraction as take away. • Understand the properties of subtraction using stories and situations. • Identifying and using patterns in subtraction. • Solving subtraction sums and problems. 	<p>Worksheet: Solve the number stories. (Page 44)</p> <p>Maths Lab Activity: Colour the bird with the matching answer. (Page 45)</p>

<p>AUGUST(21)</p>	<p>Chapter 3- Subtraction(contd.)</p> <ul style="list-style-type: none"> • Using mental maths skills to subtract. <p>Chapter 4- Shapes and Patterns</p> <ul style="list-style-type: none"> • Identifying and using straight and curved lines, horizontal, vertical and slant lines. • Identifying simple 2D and 3D shapes. • Tracing 3D shapes to get 3D shapes. <p>Chapter 5- Numbers up to 100</p> <ul style="list-style-type: none"> • Count, recognise, read and write numbers upto 1000 in figures and words. • Identify place and face value of four digit numbers. • Demonstrate strategies of comparing two numbers ,arrange numbers in order from big to small and small to big. 	<p>Maths Lab Activity: Solve the sums and score points. (Page 63)</p> <p>Worksheet: (Page 77)</p>
<p>SEPTEMBER (19)</p>	<p>Chapter 5- Numbers up to 100(contd.)</p> <ul style="list-style-type: none"> • Expand a number according to its place value. • Understand ordinals as location or position. <p>Chapter 6- More addition and subtraction</p> <ul style="list-style-type: none"> • Count the number forward in an order. • Adding two and three digit numbers with and without regrouping. • Learning facts and patterns in addition. • Finding missing numbers. • Solving word problems on addition. • Understand subtraction as take away. • Understand the properties of subtraction using stories and situations. • Identifying and using patterns in subtraction. • Solving subtraction sums and problems. • Using mental maths skills to subtract. 	<p>Worksheet- Match the facts to the number and number name. (Page 91)</p> <p>Worksheet: (Page 103)</p>

TERM II		
MONTH & WORKING DAYS	UNIT/ CHAPTER/ SUB TOPICS	ACTIVITIES
OCTOBER & NOVEMBER (19+15)	<p>Chapter 7- Multiplication</p> <ul style="list-style-type: none"> • Skip count in 2, 5 and 10. • Understand multiplication as making sets of a given number. • Form tables by using the bricks in a wall strategy. • Identifying patterns in multiplication. • Multiplying one digit by one digit. <p>Chapter 8- Measurement</p> <ul style="list-style-type: none"> • Measure lengths and distances along short and long paths using non – standard units. • Comparing lengths of objects. • Compare two or more objects by their capacity. • Order containers on their capacity by first estimating and then verifying by pouring. 	Worksheet- Showing multiplication in different ways. (Page-124)
DECEMBER & JANUARY (18+18)	<p>Chapter 8- Measurements(contd.)</p> <ul style="list-style-type: none"> • Finding capacity of a larger container using smaller containers. • Compare two or more objects by their weight. • Using a weighing scale. • Balancing weights. <p>Chapter 9- Time</p> <ul style="list-style-type: none"> • Identify and order tasks done during a day. • Understand long and short duration. • Reading and marking half and full hour. • Know the days of the week. • Read a calendar. <p>Chapter 10-Money</p> <ul style="list-style-type: none"> • Identify common currency notes and coins. • Put together small amounts of money. • Add and subtract money. 	<p>Maths Lab Activity:</p> <p>Look around you.(Page 139)</p> <p>Maths Lab Activity: Marking days on a calendar . (Page-151)</p> <p>Worksheet- Matching the basket to the correct shelf.(Page-161)</p>

FEBRUARY & MARCH (20+11)	<p>Chapter 11- Data Handling</p> <ul style="list-style-type: none"> Collecting data by questioning and by observation. Interpret data in the form of tables and pictures. <p>Chapter 12- Division readiness</p> <ul style="list-style-type: none"> Making equal groups and arrays. Looking for situations where we need to subtract repeatedly. Division on a number line. Linking division to repeated subtraction. Solving division sums and word problems. <p>Revision</p>	Worksheet: Page- 175
